

BEFORE THE FIRST RAIN

A five-minute dumpster-area check before wet weather can prevent avoidable messes.

1

CLOSE ALL LIDS

Make sure every container lid can fully close.

2

PICK UP LOOSE TRASH

Wind and rain move litter quickly.

3

CHECK FOR LEAKS

Report damaged containers or staining.

4

CLEAR THE AREA

Keep debris away from nearby drains.

5

KNOW WHO TO CALL

Post the property, hauler, or maintenance contact.
