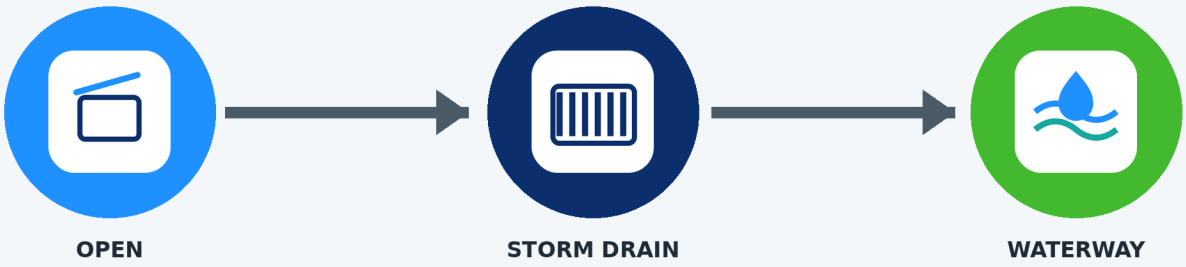
ADOPT-A-DUMPSTER™
Close. Cover. Protect.

STORMWATER

WHY CLOSE THE LID?

Rain belongs outside the dumpster. Keeping lids shut helps contain trash, reduce windblown litter, and keep rain from contacting waste.



1 **CLOSE IT**
Shut the lid after every use.

2 **KEEP LIQUIDS OUT**
Never pour liquids, grease, wash water, or chemicals into a dumpster.

3 **REPORT DAMAGE**
Broken lids, leaks, and overflowing containers need attention.
